

Surgical Instrument Cleaner **with** Conditioners all-in-ONE 4 Enzyme Detergent

Highly concentrated, fast, and cost effective presoak and cleaner.
non-irritating, 100 % Biodegradable, Phosphate free, and Neutral pH

The all-in-ONE is Neutral pH, non-irritating to eyes and skin, and is 100% biodegradable. **Imagine:** replacing multiple products, lowering costs, improving the usable life and performance of surgical instruments, while you improve turnaround. The all-in-ONE breaks down and removes all forms of proteinaceous bio-burden, cleans and conditions the surface, enhances the passive layer protection of surgical stainless steel, lubricates moving parts, and then rinses clean. Four enzymes (Lipase, Amylase, Carbohydrase, and Protease Enzymes) are necessary to break down all forms of bio-burden. Surgical Instrument Cleaners that do not deliver a high concentration these four enzymes cannot remove all forms of proteinaceous bio-burden. One gallon of the highly concentrated all-in-ONE delivers 512 gallons (1938 liters) of Cleaning and Conditioning power. The dilution rate is .25 to .5 ounces per gallon (1.9 ml liters to 3.8 ml per liter) depending on bio-burden level, encrustation, and STAINS. The all-in-ONE easy FOAM-it lays down a thick blanket of long lasting foam to hydrate and remove all forms of proteinaceous debris, hard water deposits, and encrusted STAINS, for fast cleaning action. When water is added to the easy FOAM-it 'FOAM' dissipates providing a clear 'free-rinsing' surgical instrument cleaning and conditioning solution. clear 'free-rinsing' cleaning and conditioning solution.

ONE application is all that is needed for thorough Cleaning and Conditioning. Apply it ONCE. It's all you really need for removing STAINS and dried on encrustation. The all-in-ONE is designed for: soaking, pre-cleaning, manual cleaning, ultrasonic cleaning, scope cleaning, and automated washing.

easy FOAM-it

all-in-ONE

The all-in-ONE cleaners will: break down bio-burden, clean the surface, remove STAINS, and lubricate moving parts. The highly concentrated all-in-ONE cleaners are aggressive against your most difficult cleaning challenge and guaranteed to be safe for all types of metal, rigid and flexible scopes, lenses, microsurgical instrumentation and reprocessing equipment.

- ➔ significantly reduce the cost of consumables
- ➔ improve turnaround times for soaking and manual cleaning
- ➔ decrease the inventory level and the number of cleaning/conditioning products used
- ➔ improve the overall condition of surgical instruments and scopes and cleaning outcomes
- ➔ combine the detergent and enzyme treatments for automated washers, manual cleaning, and presoaking.

UPS-FS-32 easy FOAM-it 32 ounce FOAM applicators: 12 per case

Ergo UPS1-1 all-in-ONE 4 gallons with 1 pump per case

Ergo UPS1-5 all-in-ONE: 1 ea. 5 gallon jug

Ergo UPS1-15 all-in-ONE: 1 ea. 15 gallon drum

Ergo UPS1-30 all-in-ONE: 1 ea. 30 gallon drum

Ergo UPS1-55 all-in-ONE: 1 ea. 55 gallon drum

Dilution Rate is .25 ounce to .5 ounce per gallons depending on the level of bio-burden and STAINS.

The TOSI Test provides an indication of cleaning performance. The amount of material removed indicates the performance level. The Test Strip on the Left shows cleaning results using RUHOF Endozime AW Triple Plus Cleaner. The Test Strip on the Right shows cleaning results using the 4 Enzyme Detergent all-in-ONE. Your cleaning challenge will be proof of all-in-ONE performance.
